

## The Tempter's Strategy

One of the Tempter's strategies is to  
blur the boundary between  
good and  
evil.

He wants to lead you across the line  
without triggering a crisis of conscience.

Keep your eyes on Jesus.  
He is the truth.  
His is the life that pleases the Father.  
Follow Him.  
Walk in His steps.

*There's an old saying:  
"The chains that we feel the least  
are the ones that bind us the most."  
That applies to Satan's lies.  
He wants us not to notice  
His destructive working.  
Savior, keep my mind and heart  
in You.*
