

All-engulfing God

Father, You Yourself are
all goodness and
all holiness,
all wisdom and
all power,
all life and
all love.

You are the All-in all of
every realm,
the Source and Substance of
all existence, of
all being.

You are
all around and
all within,
engulfing all reality.

O Magnificent God,
all satisfying and
all sufficient,
may my heart and
mind and
life
be saturated with
all You are!
